

**Wyckoff Eagle Harbor  
Department of Ecology Generational Remedy Evaluation**

**Expert Panel Workshop and Community Session  
January 12-14, 2010  
IslandWood  
4450 Blakely Ave NE  
Bainbridge Island**

*The Department of Ecology has formed a panel of eight experts to explore source removal or mobility reduction alternatives for the Wyckoff/Eagle Harbor Superfund site with the goal of finding a remedy that is protective for future generations and minimizes long-term maintenance commitments. The Panel is gathering for this Expert Panel Workshop to explore and advise Ecology of potential effective alternatives at the site. The community and other experts in this field are welcome to attend the workshop and there will be opportunities to participate and offer ideas during the workshop. An evening community session will also be held on January 13 in conjunction with the Expert Panel Workshop.*
